

Here are the lessons for the 2022-2023 academic year. Please answer all the questions in them (they're conveniently marked with a "?") and also answer these three basic questions:

1. What did you already know?
2. What did you learn for the first time?
3. What question do you still have about the lesson?

What I really love seeing is a well thought out question that you still have. This lets me know you've truly engaged the material. Also, just so you know, I'm thrilled to answer your questions as they're usually brilliant and leave me scrambling to find you an answer. I'll occasionally lift up your questions that stump me most by answering them via video as a thank you for stretching me and continuing my own learning. In this way, we are truly learning together, and that's really exciting!

Let the hyperlinks lead you! I look forward to your thoughtful responses!

Blessings!
Pastor Doug

September 25	The Bible
October 2	Sin
October 9	Jacob and Esau
October 16	Joseph
October 23	Moses and Pharaoh
October 30	HAPPY HALLOWEEN!
